

Loki

Hi, I am very pleased to meet you. My name is Loki aka Mr Wigglebum. I am looking for my forever home and if you are looking for the sweetest human companion ever then you do not have to look any further: It's me!!

I am not sure about my birthday but I think I am 2 years old. I am short but weigh proud 52 lbs and have been neutered & vaccinated.

They say I am just pure joy on four legs. I love being with all kinds of humans. Maybe I should not live with very small ones (I think, they are called toddlers/kids) as they have not introduced me to any here at CARE. As long as someone walks, cuddles and plays with me I am the happiest tiny hippo. So that means, while I can spend some time by myself and I am very calm I would be the most content if I could spend a lot of time with you 😊

As much as I love humans, I do not like every dog. Some dogs and I just do not get along but I guess that is the same for you too, isn't it? Here at CARE, I have a good friend, his name is Rosco. We get along well. However, there are other male dogs (neutered or unneutered) that I am not ok with. In particular when they get in my face without properly and calmly introducing themselves.

I have seen a lot in my short life so far and feel that I always have to protect myself. So, I think my new home should be someone who has some experience in slow introductions, further training and maybe even muzzling if needed. I am very likely not a fan of cats just so you know... Something else I am not a fan of... RAIN. I love taking sun baths though.

If you think that you are the right human for me and think that you can offer me all the time and love possible then what are you waiting for? Get in touch with CARE and fill out their adoption application form: <https://www.carenetwork.ca/adopt-application> They will be in touch.

Oh, one more thing: I have been at the shelter for a while now and would love to stay in a real home where I can spread all my love. If you are not ready to adopt me yet you can also foster me:

<https://www.carenetwork.ca/foster-application>

That would be so great! Already getting excited about it and doing my full-buddy wiggle dance! I am very much looking forward to meeting you!

CARE Network is located on the west coast of Vancouver Island (Tofino/Ucluelet area)

Thank you for reading my story!
