

Hi, Woof. My name is Barney, I weigh 45kg or so and am recently neutered. I am a good and loyal friend and many folks comment on my smile. Whatever. I haven't spent much time indoors over my 2 years of life but with a little help I am sure I can get use to it. A large fenced yard would be dreamy. Other than that and a slight lacking of manners – I do like to jump up and am pretty treat obsessed – I am perfect.

Obvs.
